

BODYBIO

Butyrate

A postbiotic for total gut support

Sodium Butyrate Capsules - 60, 100

Calcium Magnesium Butyrate Capsules - 100, 250

BodyBio Butyrate is a powerful postbiotic that helps fuel and protect your gut lining for better digestion and whole-body health.

Butyrate is a vital nutrient for gut cells, yet many people don't make enough—especially with low-fiber diets and increased toxin exposure. By nourishing your gut at the cellular level, Butyrate helps support digestion, metabolic balance, and a healthy immune response.*

KEY BENEFITS

Strengthens
gut lining*

Supports
digestion*

Nourishes
microbiome*

Supports blood
sugar balance*

Promotes
mental clarity*

SUGGESTED USE

Take 1-2 capsules daily with food.

Use consistently to support gut and cellular health.

For additional support, dosage may be adjusted under practitioner guidance.

If pregnant or nursing, consult your healthcare provider

WHAT TO EXPECT

0-2 WEEKS

Butyrate begins fueling the cells lining your gut. Some people notice early improvements in digestion, comfort, or regularity as the gut lining starts receiving the support it needs.*

2-4 WEEKS

As the gut barrier strengthens, digestion often becomes more consistent. Many people notice improved regularity, steadier energy, and better blood sugar balance.*

4+ WEEKS

With continued use, Butyrate helps support long-term gut integrity.* This can contribute to immune resilience, a healthy inflammatory response, mental clarity, and overall well-being.*
