

BODYBIO

Liquid Chromium

Blood sugar balance

2 oz.

Chromium is a trace mineral that plays a key role in glucose metabolism and insulin function—helping the body use carbohydrates efficiently for energy.* BodyBio Liquid Chromium delivers chromium in an ionic liquid form for easy absorption and precise dosing.

KEY BENEFITS

Supports blood sugar balance*

Supports insulin function*

Promotes steady energy*

Supports metabolism*

Helps reduce cravings*

SUGGESTED USE

Add 1.25 mL in water or juice daily, or more as directed by your healthcare practitioner.

Shake well, do not refrigerate.

WHAT TO EXPECT

0-2 WEEKS

Liquid Chromium begins supporting insulin activity and glucose metabolism.*
Some people notice steadier energy levels or fewer blood sugar swings.*

2-4 WEEKS

As chromium levels stabilize, many people experience improved energy consistency, reduced cravings, and better metabolic balance.*

4+ WEEKS

With continued use, Liquid Chromium helps maintain healthy blood sugar regulation and metabolic function—supporting long-term energy, focus, and overall vitality.*
