

BODYBIO

BodyBio PC

Making people healthier,
one cell at a time

Liquid - 4 oz., 8 oz., 16 oz.

Softgel - 60, 100, 300

Your health starts at the cellular level—and your cell membranes determine how well your body functions every day. BodyBio PC is a phospholipid complex that helps rebuild and protect the membranes of your cells, where communication, energy production, and detoxification begin.* When cell membranes are damaged by stress, toxins, or aging, the body struggles to function efficiently. BodyBio PC helps restore cell membranes, supporting brain health, liver function, and overall resilience.*

Think of it as *foundational nourishment* for every system in the body.

KEY BENEFITS

Repairs cell
membranes*

Supports
mental clarity*

Promotes
daily detox*

Boost stress
resilience*

Supports
healthy aging*

SUGGESTED USE

Take 2 softgels or ½ teaspoon daily with food.

Use consistently for best results—cellular support builds over time.

For targeted health concerns, dosage may be increased under practitioner guidance.

If pregnant or nursing, consult your healthcare provider before use.

WHAT TO EXPECT

0-2 WEEKS

BodyBio PC begins increasing phospholipid levels in your cells. As membranes start receiving the nutrients they need, your body initiates the cellular repair process.*

2-4 WEEKS

Many people notice improved mental clarity, better focus, steadier energy, and reduced brain fog as cells communicate more efficiently.*

4+ WEEKS

With continued use, benefits often include sharper cognition, improved memory, sustained daily energy, and a feeling of overall wellness.* Long-term use helps maintain strong, resilient cells that support overall health and vitality as we age.*

SUPPLEMENT FACTS

Liquid Variant

Serving Size: ½ tsp		
Servings: 39 (4 oz); 79 (8 oz); 158 (16 oz)		
Amount Per Serving		%DV**
Calories	15	
Total Fat	1.5 g	2%
